# THE 37<sup>TH</sup> VANCOUVER INTERNATIONAL WINE FESTIVAL

FEBRUARY 20 - MARCH 1, 2015

1,750+ wines \* 170 wineries \* 14 countries \* 53 events \* 8 days \* 25,000 attendees

Welcome to the 2015 Vancouver International Wine Festival, Canada's premier wine show. This annual celebration of the grape has become a February highlight in Vancouver, with a full slate of wine tastings and parties, lunches, brunches and dinners, seminars, and a three-day conference for trade professionals.

The heart of VanWineFest, however, is the International Festival Tastings, where all 170 wineries gather together in one room to showcase their wines. What sets this festival apart from other wine events is the number of top winery personalities from around the world who travel to Vancouver to participate in the

week's 53 events. You can identify these visiting vine stars (owners, winemakers, senior executives) in the Acura Tasting Room or at special events by the royal blue lanyard holding their nametag. Also look for their names in the Wineries & Wines section of this program. Don't hesitate to ask them anything you want to know about their wines. The Wine World is Here to share their knowledge and the fruits of their labours with you.

The Acura Tasting Room is organized alphabetically within each country of origin, from Argentina to the United States, with a special international section for Sake. The highlight of the room is sure to be the Savour Australia Theme Country section, where you will find all 55 of Australia's participating wineries organized by region, as well as interactive tasting stations themed around Cool Climate, Mod Oz, the Chardonnay Revolution, the Epicurean Way and Wine Science with the Australian Wine Research Institute. Flip the book over for an informative guide to the history, evolution and revolution of Australian wine over the past two centuries.

All the public wines being poured in the Tasting Room are available for purchase or special order in the on-site BC Liquor Store – but please note, a ticket to the corresponding tasting session is required for entry. If you taste a must-have wine, you can purchase it, check the bottle, and return to the room to continue tasting. At the end of the night, pick up your purchases or have them sent to you nearest BC Liquor Store.

You can order case lots of select wines right at the winery table, which will be delivered to your closest BC Liquor Store within two weeks of the close of Festival week. Just look for tasting room wines identified with the **Buy the Case** neck tag at each table.

Enjoy your time at the festival, taste wisely, and make sure to pick up a complimentary transit ticket outside the Tasting Room to ensure a Safe Ride Home.

## WELCOME FROM THE BOARD

On behalf of the Vancouver International Wine Festival's Board of Directors, I am pleased to welcome you to the 37th annual festival, featuring Savour Australia as our theme, and a global focus on Syrah (aka Shiraz).

It would not be possible to produce a festival of this size and quality without the contributions of a great many individuals and organizations, whose efforts ensure the success of this annual fundraising event for our charitable beneficiary, Bard on the Beach Shakespeare Festival. The Board of Directors would like to thank the participating wineries, their principals and agents; the participating country consulates; our sponsors and partner restaurants, hotels and venues; our dedicated staff and hundreds of volunteers; our key stakeholders in the community, including the BCLDB and IVSA; and you, members of the public and trade, who make the Vancouver International Wine Festival the best wine and food festival in North America.

**Randy Kaardal**

Chair

Board of Directors

Vancouver International Wine Festival Society

## MESSAGE FROM THE EXECUTIVE DIRECTOR

I'm pleased to welcome you to Vancouver's annual weeklong cultural celebration of wine and food. Now in its 37<sup>th</sup> edition, the 2015 festival is showcasing 170 wineries from 14 countries, including 55 wineries from our theme country, Australia.

The Acura Tasting Room is where we bring the world of wine to you. In order to enjoy the full global experience, be sure to visit at least one winery from a few different Australian wine regions and each of the 13 other countries, as well as the various wine tasting stations. All the wineries are pouring exciting wines, so look for a less busy table for the best opportunity to connect with the winery representatives at the table, all of whom are winemakers, owners or senior executives, with unique insights into their product and the stories behind them. You can purchase your favourite wines at the onsite BC Liquor Stores Festival Wine Shop, or BUY A CASE right at the table and have it delivered to your preferred BC Liquor Store.

Enjoy an engaging and safe festival. We look forward to welcoming you back next year and many more years to come.

Cheers!

**Harry Hertscheg**

A wine bottle and a wine glass are shown against a white background. The bottle and glass are filled with a dark liquid. Overlaid on the bottle and glass is a composite image: the top half shows a city skyline at sunset or sunrise, with the sun low on the horizon and buildings silhouetted against a warm, orange and yellow sky. The bottom half shows a vineyard with rows of grapevines stretching into the distance under a clear sky.

## ABOUT VANWINEFEST

The Vancouver International Wine Festival, Canada's premier food & wine event, has three mandates: to provide an informative, educational and entertaining wine experience for public and trade; to be a premier marketing opportunity for the wine industry and festival partners; and to raise funds for the Bard on the Beach Theatre Society.

VanWineFest grew from humble roots as a fundraising initiative for the former Vancouver Playhouse Theatre Company, dreamed up by the late **John E. Levine**. The inaugural festival in 1979 featured one vintner – Robert Mondavi – and saw approximately 1,000 people attend the two-day event at Hycroft, the Shaughnessy mansion owned by Vancouver's University Women's Club.

By its fourth year, the festival had grown to attract 45 California wineries, becoming known as the California Wine Festival. The ninth festival in 1987 was the first multi-national event, with wineries from seven countries showcasing their wines. In 1988, VanWineFest moved to the Vancouver Convention Centre, where the main International Festival Tastings have been held ever since. The festival is now annually scheduled for the last week of February.

In 1996, VanWineFest began shining the spotlight on specific wine regions or countries by featuring a new area each year, with the French wine region Bordeaux as the inaugural theme. This year, the theme country is **Australia**, featuring two centuries of history, evolution and revolution in Australian winemaking. Since 2004, VanWineFest has highlighted an annual global focus, with **Syrah (aka Shiraz)** under the spotlight this year.

Today VanWineFest attracts some of the biggest industry names from around the world and is firmly established as the continent's premier wine event and among the biggest, best and oldest wine events in the world. It features wine tastings and pairings, gourmet dinners and luncheons, educational seminars and culinary competitions.

This is a rare opportunity to meet owners, winemakers and senior representatives from wineries around the globe. For either the experienced wine lover or the novice, the festival has something to please every palate and pocketbook.

# BARD ON THE BEACH

**Mission:** To perform, explore and celebrate the genius of William Shakespeare.

**Vision:** To create an enduring contribution to the cultural fabric of the community as an inspiring centre of Shakespeare performance, education and understanding.

Celebrating its 26th Season in 2015, **Bard on the Beach** is the Vancouver International Wine Festival's charitable beneficiary. One of Canada's largest not-for-profit, professional Shakespeare festivals, Bard's home is a magnificent waterfront setting in Vancouver's Vanier Park where it offers Shakespeare plays, related dramas and special events in two modern performance tents every summer. The 2015 season, running from **June 4 to September 26**, opens with Shakespeare's hilarious audience favourite, *The Comedy of Errors*, playing on the BMO Mainstage in repertory with the epic tragedy *King Lear*, a co-production with Theatre Calgary and starring Shaw & Stratford Festival veteran Ben Campbell as Lear. In the intimate Douglas Campbell tent, the Howard Family Stage hosts a music-filled Jazz Age setting of *Love's Labour's Lost*; it alternates with a world premiere of a new play based on best-selling author C.C. Humphreys' historical novel *Shakespeare's Rebel*.

In addition to its plays, the Festival offers opera, choral and orchestral concerts, wine tastings and educational events. The tented Bard Village is home to many activities and amenities including informal pre-show *In A Nutshell* talks, concession and bar services, and a Bard boutique.

Bard engages a team of exceptional actors, directors, designers and technicians each season, along with year-round administrative staff and teaching artists; it is also supported by more than 250 volunteers each year. Bard's critically-acclaimed plays repeatedly draw full houses; season attendance reached a record 100,000 in 2014 and more than 1.4 million patrons have enjoyed the Bard experience since 1990.

Through its constantly expanding community outreach, Bard hosts the popular *Young Shakespeareans* workshops for youth and teens at the site during the summer and *Bard in the Classroom* workshops for students and teachers during the school term. In 2014, it launched the *Riotous Youth* program to provide further Shakespearean theatre education to some of its summer workshop graduates.

Bard on the Beach is extremely proud and honoured to be the Wine Festival's charitable recipient. The partnership is invaluable, helping Bard maintain its signature high artistic standards and educational programs while at the same time keeping its programming affordable for hundreds of thousands of local residents and city visitors.

The poster features a dark blue background with a city skyline silhouette at the bottom. At the top, the festival logo 'BARD ON THE BEACH SHAKESPEARE FESTIVAL' is displayed in white, with a small tent icon to the left. Below the logo, the text 'ARTISTIC DIRECTOR - CHRISTOPHER GAZE' is written in white. The dates 'JUNE 4 - SEPT 26, 2015' are prominently displayed in yellow. A blue button with a red 'BMO' logo says 'On the BMO Mainstage'. The titles 'THE COMEDY OF ERRORS' and 'KING LEAR' are written in a large, white, serif font. Below 'KING LEAR', it says 'In collaboration with Theatre Calgary'. Another blue button says 'On the Howard Family Stage'. The titles 'LOVE'S LABOUR'S LOST' and 'SHAKESPEARE'S REBEL by C.C. Humphreys' are written in a white, serif font. Below this, it says 'Tickets on sale in April • All seats reserved'. A large blue button says 'SIGN UP NOW FOR BARD E-NEWS' with the text 'for exclusive offers and play details!' below it. At the bottom, the contact information '604-739-0559 • bardonthebeach.org' is written in white.

# SAVOUR AUSTRALIA

VANCOUVER  
INTERNATIONAL  
WINE FESTIVAL 

Presented by THE VANCOUVER SUN

WELCOME TO

# SAVOUR AUSTRALIA

Savour Australia is the collective Australian experience at the Vancouver International Wine Festival (VIWF) 2015 and is hosted by Wine Australia in partnership with 55 Australian wineries, Tourism Australia, the South Australian Tourism Commission, Barossa Grape and Wine Association, McLaren Vale Grape Wine and Tourism Association, Australian Wine Research Institute, the University of Adelaide and Primary Industries and Regions South Australia (PIRSA).

Throughout VIWF 2015, Australia will offer a dynamic look at the history, evolution and revolution of its wines. You will sip and savour your way through Australia's wine regions, masterclasses, grazing events and an interactive tasting station in the tasting room themed around cool-climate wines, modern Australian wine and the Chardonnay evolution.

Winery dinners, wine seminars featuring iconic tasting flights, a late night 'Savour Australia Lounge Party' and a gourmet 'Restaurant Australia' lunch are just some of the events that will take you on an epicurean journey across Australia.

Our 'History, Evolution and Revolution' theme will be woven through each event and will frame the discussion on what Australian wine offers today's wine drinker. Australia's 200 years of winemaking heritage, today's regional style and variety evolutions, and the innovative techniques that influence the wine trends of tomorrow, will make you look at Australian wine in a whole new light.

Enjoy the journey and Savour Australia with us!

Cheers,

Angela Slade

# SHIRAZ

Think Australian wine and no doubt you think Shiraz. With Shiraz grown in 50 of Australia's 65 wine regions, it's hardly surprising that Shiraz is the rock star of Australian wine.

Shiraz was one of the original varieties brought to Australia and it is certainly one of the most successful. It has long commanded the spotlight since the first Shiraz vines were planted more than 200 years ago. Some of Australia's most famous wines are Shiraz and there are many vineyards scattered throughout the country with vines that are more than 100 years old.

What may surprise you, however, is just how diverse Australia's Shiraz offering is today and how the style has evolved as more wine regions started producing local expressions of this classic grape variety.

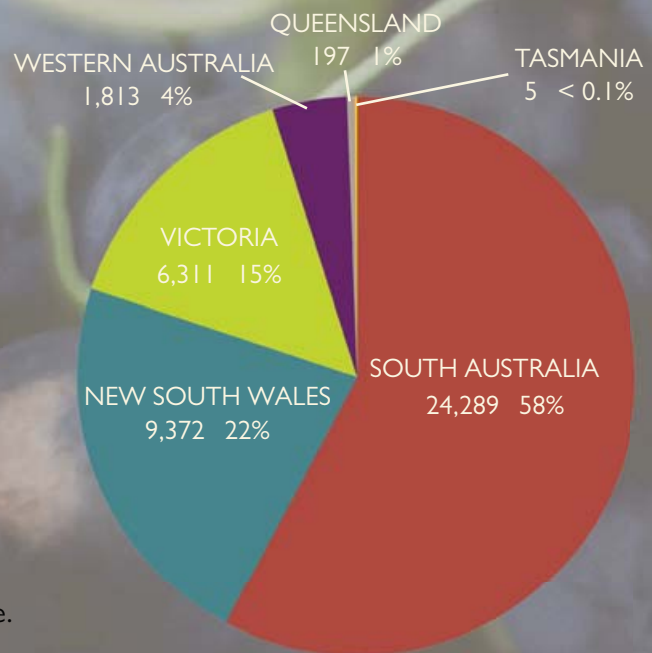

With Shiraz the global focus at this year's festival, Wine Australia has declared it Shiraz Week. A global call to action, Shiraz Week will encourage wine drinkers—wherever they are—to 'taste, tweet and talk' about Shiraz by joining the conversation.

## #ShirazWeek

### REGIONAL DIVERSITY

Shiraz is grown in regions across the country in varied climates and soils; there are cool-climate, medium-bodied and spicy styles through to more full-bodied, richly flavoured and textured warm-climate versions. Depending on the region, Australian Shiraz can have flavours of raspberry, pepper, spice, floral and blueberry notes or hints of rich chocolate and bramble. Wine Australia will host a 'Shiraz: Aussie Superstar' masterclass that will examine the many facets of contemporary Australian Shiraz and explore the influence of winemaking techniques, geology, geography and innovation on the regional expressions and diversity of this style.

# HOW TO SAVOUR AUSTRALIA IN THE TASTING ROOM

## 1. EXPLORE

Visit all 55 winery tables from five states and 16 Australian regions.

## 2. SAVOUR AUSTRALIA AT OUR REGIONAL TASTING STATION

The Australian section of the International Festival Tasting is a starburst of 55 wineries. At the heart of it all is the Savour Australia Regional Tasting Station. This four-sided booth is a hub of information and education and it provides a closer look at some of the wine trends and science that are shaping the Australian wine sector today.

### SAVOUR AUSTRALIA FOCUS TABLES

Floor Plan Reference: X

#### COOL-CLIMATE CLASSICS

Wines from the cooler pockets of Australia such as the Yarra Valley, tucked in the hills around Melbourne, or very cool Tasmania, renowned for its sparkling wine production, will introduce you to another facet of the wine styles that come from Down Under.

#### MOD OZ

Here we shine a spotlight on less common grape varieties emerging from Australia. Winemakers have discovered that alternative varieties such as Vermentino, Tempranillo, Fiano, Touriga and Grüner Veltliner are well-suited to Australian soils and climates.

#### CHARDONNAY EVOLUTION

In today's landscape you'll still find the rich, buttery, wonderfully-oaked versions of Chardonnay but you'll also find winemakers crafting a modern style that is elegant and citrusy with less oak and a lighter touch.

### THE EPICUREAN WAY, SOUTH AUSTRALIA

Floor Plan Reference: Y

'The Epicurean Way' is a wine and food trail winding its way through the premium wine regions of South Australia; the Epicurean Way table is a small sampling of the incredibly diverse styles of Shiraz that can be experienced on this trail. This tour for your tastebuds will take you to world-famous Barossa, picturesque Adelaide Hills, beach-side McLaren Vale and charming Clare Valley.

- ◆ Shot In the Dark Wines

The area around Sydney has the longest history of grape growing in Australia and James Busby's collection of 362 vines, originally planted at the Botanical Gardens in the 1820s, was the most significant development in the early history of Australian wine as cuttings from these vines made their way to other parts of New South Wales, Victoria and South Australia.

## HUNTER VALLEY

The Hunter Valley was the first commercial wine region in Australia, established in 1828. It has one of the warmest, wettest and most humid climates of all Australia's wine regions with rain a constant in the latter stages of most vintages. The region produces high-quality Chardonnay and medium-bodied, savoury Shiraz but it's the unique expression of unoaked, age-worthy Semillon that it's known

The Murrumbidgee Irrigation Scheme allowed for the development of fruit and grape growing in this region in the early 1900s. Until the 1950s, the production was almost entirely fortified wine but now this region is becoming known for approachable Australian varietal wines.

Shiraz has ripe berry fruit and soft tannins, while Chardonnay combines ripe fruit with an oak influence.

Botrytis Semillon from the region has become a specialty with De Bortoli's Noble One considered one of Australia's best dessert wines.

### CANBERRA DISTRICT

The district's cool climate produces elegant white wines and restrained reds while Clonakilla's acclaimed Shiraz Viognier has set the Australian standard for this increasingly popular blend.

Shiraz is the region's specialty—medium-bodied, spicy and savoury with distinct licorice and black cherry characters.

Crisp, dry, age-worthy Rieslings and medium-bodied complex Chardonnays from the Canberra region are also of exceptional quality.

# WESTERN AUSTRALIA

Western Australia is the largest state and spans the western third of the Australian continent, although the winemaking regions are almost entirely concentrated in the south-west and great southern land divisions of the state. The regions include Blackwood Valley, Geographe, Great Southern, Peel, Pemberton, Manjimup, Margaret River and Swan District.

### MARGARET RIVER

Margaret River is a relatively late arrival on the Australian fine wine scene. The assessment of the viticultural potential by Dr John Gladstone in the 1960s started the initial expansion of the region into winemaking. Although Margaret River doesn't have the history of Coonawarra, its Cabernet Sauvignon is its equal in reputation.

The maritime climate and gravelly soils are ideal for Cabernet Sauvignon of exceptional quality and the regional style tends to be elegant and aromatic. Blackcurrant, violets and mint with velvety tannins are signature characteristics of Margaret River Cabernet Sauvignon. The region is also known for its highly regarded Chardonnay, which is typically rich with ripe, complex flavours but finished with citrus acidity.

# VICTORIA

In the 1880s, Victoria was Australia's largest wine-producing state; however, Phylloxera outbreaks put a temporary halt on production in many areas. The 1970s saw a resurgence and now Victoria is home to more individual wineries than any other state in Australia. It also has the greatest diversity of regional climates, which allow for the production of virtually every wine style from sparkling wine to Pinot Noir, Shiraz and the historic fortified wines of Rutherglen.

## GOULBURN VALLEY/NAGAMBIE LAKES

Like many other regions in Victoria, this area was originally planted in the mid-1800s. Shiraz in the region is medium-to full-bodied in style with black fruit, spice and earth characters, while Cabernet Sauvignon is full-flavoured and rich with firm but supple tannins. Chardonnay is the classic warm climate style with ripe peach and buttery qualities.

# TASMANIA

The island state of Tasmania is situated off the southern coast of the Australian mainland in the cool waters of the Southern Ocean. The first vineyards were planted in 1865, but it was not until the late 1970s that the region hit its stride. Today, there are seven distinct wine-producing regions although officially the whole island is considered one wine region.

The influence of the Southern Ocean on this cool climate region results in average growing season temperatures comparable to Champagne, France. Tasmania's sparkling wines, made in the traditional method, are some of the best to be found in Australia and they've developed a world-class reputation for their elegance, balance and intensity of fruit.

Chardonnay also fares particularly well in the cool conditions while Tasmanian Pinot Noir is fragrant and light-bodied with delicate flavours of red apple and cherry.

## STRATHBOGIE RANGES

This sparsely populated, high-altitude region sits east of Goulburn Valley. Chardonnay and Shiraz are the most planted varieties but Cabernet Sauvignon, Riesling, Sauvignon Blanc and Pinot Noir are also commonly grown. Chardonnay is a medium-bodied style with grapefruit and nectarine flavours. Shiraz is medium- to full-bodied, with typical flavours of liquorice, blackberry and spice.

Situated in Central Victoria, the warm days are moderated by consistently cool nights and this is a region for classic full-flavoured wines. The Cambrian soils of the region are renowned. Reputedly 500 million years old, the soil is well-drained and also has the capacity to hold water deeper down. Heathcote is mostly known for its Shiraz, which is dense, rich and mouth-filling. The flavour spectrum ranges from intense dark berry fruits through to spice and liquorice, and is usually accompanied by long, supple tannins.

South Australia produces almost 50 per cent of Australia's wine. It's also home to some of Australia's most famous regions, historic estates and oldest vines. It's the driest state in Australia but diagonally dissected by the Murray River, which supplies water for irrigation in many of its regions. There is a multitude of different soil types and local mitigating influences such as altitude and cooling ocean breezes that allow for a wide range of wine styles.

The birth of the Adelaide Hills region as we know it today was in 1976. This is a hilly region located just east of Adelaide in the Mount Lofty Ranges. It has varying climates, most of it decidedly cool but with a few warm pockets. Pinot Noir and Chardonnay do exceptionally well here and fruit sourced from the cooler sites often finds its way into sparkling wines. Adelaide Hills has developed a reputation for being the benchmark region for Australian Sauvignon Blanc. Chardonnay is complex, medium weight and with good natural acidity. Pinot Noir from the region is of exceptional quality and the style is typically medium-bodied with flavours of ripe cherry and strawberry fruit, and soft tannins.

## CLARE VALLEY

Clare Valley's history dates back to the 1830s and it has developed a reputation for being one of Australia's premier Riesling growing regions. While daytime temperatures during the critical ripening months can be high, the cooling breezes and consistently cold nights have a moderating effect. Turning the Riesling stereotype on its head, the regional style of Clare Valley Riesling is dry with characteristic citrus flavours and racy, crisp acidity when young. As it ages, complex mineral and white pepper spice characters begin to emerge. Clare Valley Shiraz is typically full-flavoured with ripe blackberry, spice and mint characteristics, while Cabernet Sauvignon generally displays dark, rich black fruit characters with firm but plush tannins.

**Major Varieties:**

Cabernet Sauvignon,  
Grenache, Semillon and  
Shiraz

This is one of the most historic wine producing regions in Australia. Originally established by the British, the noted German influence came from Lutheran emigrants from Prussia. There are now sixth generation grape growing families and Barossa is home to Australia's largest collection of old vines, with some dating back to the 1860s. Langmeil's Freedom vineyard (planted in 1843) is possibly the oldest Shiraz vineyard in the world.

Shiraz occupies 50 per cent of the vineyard plantings and is by any measure the specialty variety of this region. Typically full-bodied with ripe fruit and plush tannins, the very best examples of Barossa Shiraz moderate this natural richness with balanced acidity and focused pure fruit character.

Grenache is often blended with both Shiraz and Mourvèdre to produce a classically complex and textured red. It is also made as a single varietal wine with rich ripe raspberry and peppery spice character.

### COONAWARRA

Coonawarra was first planted in the 1880s but the region faced a number of early challenges. It wasn't until the 1950s that viticulture again became a focus, and today Coonawarra is considered to be one of Australia's greatest Cabernet Sauvignon regions. Consistent cloud cover and cooling breezes make it a cool climate region and it is home to the famous crumbly red soil known as *Terra Rossa*.

Full of character and finesse, Coonawarra Cabernet Sauvignons display the regional signatures of cassis and mint with earthy undertones. Some wines have the potential to age for decades before reaching their peak.

Shiraz has a long history in the Coonawarra region and up until the 1950s was the main variety grown. The regional style is medium-bodied with spice and raspberry flavours.

## MCLAREN VALE

The development of viticulture in McLaren Vale was mostly by the British. John Reynell built Chateau Reynella in 1838, making it the first winery in South Australia. The climate is generally Mediterranean and, while Shiraz and Grenache have been the mainstay red varieties, the region is also known for experimentation and recently there have been increased plantings of southern European varieties such as Vermentino and Sangiovese.

A range of sub-regional Shiraz styles exists; dark chocolate, blueberry and spice characters are common and wines are typically medium- to full-bodied with vibrant, pure fruit.

Grenache is commonly used in classic blends, but the straight Grenache wines coming out of this region are exciting and lively with juicy raspberry scented fruit and spicy flavours.

The region is an environmental leader with a large percentage of producers farming organically and biodynamically.

## LANGHORNE CREEK

Langhorne Creek was first planted in the late 1850s. While it's essentially a warm climate region, there are moderating effects from its proximity to Lake Alexandrina and the Southern Ocean. Cabernet Sauvignon and Shiraz are the signature grapes and, while single varietal wines are produced, many in the region would tell you that the blend of these two classic varieties is the best expression of Langhorne Creek red wine.

Single variety Shiraz is typically rich and full-flavoured with soft tannins; exhibiting blackberry, chocolate and liquorice characters.

Although not extensively planted, Langhorne Creek Verdelho has developed a reputation as a regional specialty. Light-bodied, juicy and fresh, these wines are meant to be enjoyed young.

Padthaway was established as a viticultural region in 1963 and, given the absence of any significant mountains, a maritime climate generally prevails. Padthaway is a picturesque township on the Limestone Coast with rows and rows of vineyards interspersed with majestic gum trees. The main wine styles produced include Chardonnay, Riesling, Cabernet Sauvignon, Pinot Noir and Shiraz.
