Welcome to the 2019 Vancouver International Wine Festival, Canada’s premier wine show. The Tasting Room is the heart of the festival, where all 160 wineries gather together in one room to showcase their wines. Here are some tips to make the most of your tasting session.

- Plan your route – take a moment to look through the wineries and their wines and mark your must-tastes.
- Be international – try a wine from all 16 countries (including the South Africa tasting station).
- Try something new – you could find your next go-to wine.
- Make notes, take a picture, give the wine a star. You’ll want to remember what you liked later!
- Look for the blue lanyards – those are top winery personalities here to share their wines and stories with you.
- Share the space – step away from the table once you’ve had your taste and asked your questions.
- Use the spit buckets – you don’t have to finish every sample. Save your palate for the rest of the session!
- Pick up your favourite wines in the on-site BC Liquor Store – you can check your purchase and return to the room, then have them delivered to your local store.
- Don’t drink and drive – pick up a complimentary transit ticket at the Get Home Safe Booth on your way out.

ABOUT THE FESTIVAL

The Vancouver International Wine Festival, Canada’s premier food and wine event, has three mandates: to provide an informative, educational and entertaining wine experience for public and trade; to be a premier marketing opportunity for the wine industry and festival partners; and to raise funds for the Bard on the Beach Theatre Society, which has been the charitable beneficiary since the 2013 festival.

VanWineFest grew from humble roots as a fundraising initiative for the former Vancouver Playhouse Theatre Company, dreamed up by the late John E. Levine. The inaugural festival in 1979 featured one vintner – Robert Mondavi – and saw approximately 1,000 people attend the two-day event at Hycroft, the Shaughnessy mansion owned by Vancouver’s University Women’s Club. By its fourth year, the festival had grown to attract 45 California wineries, becoming known as the California Wine Festival. The ninth festival in 1987 was the first multi-national event, with wineries from seven countries showcasing their wines. In 1988, VanWineFest moved to the Vancouver Convention Centre, where the main International Festival Tastings have been held ever since.

In 1996, VanWineFest began shining the spotlight on specific wine regions or countries by featuring a new area each year, with the French wine region Bordeaux as the inaugural theme. This year, the theme region is California, with 53 wineries coming from the Golden State, a fitting tribute to our first festival 40 years ago. California was also the theme region in 1998, 2004, and 2013.

Today VanWineFest attracts some of the biggest industry names from around the world and is firmly established as the continent’s premier wine event and among the biggest, best and oldest wine events in the world. It features wine tastings and pairings, gourmet dinners and luncheons, educational seminars and culinary competitions, wine parties and a charity wine auction and gala dinner.

This is a rare opportunity to meet owners, winemakers and senior representatives from wineries around the globe. For either the experienced wine lover or the novice, the festival has something to please every palate and pocketbook.

Bacchanalia

GALA DINNER + AUCTION
Saturday Night! Feb 23, 2019

The main fundraising event for Bard on the Beach is the annual Bacchanalia Gala Dinner + Auction, one of the most spectacular wine and food events in the city – an evening of incredible wine, inventive food pairings, and unparalleled opportunities to enhance your wine cellar.

The Bacchanalia Gala kicks off with a sparkling wine reception at 6 p.m., and features nine additional outstanding wines paired with an exquisite five-course menu prepared by the Fairmont Hotel Vancouver’s culinary team. All of this is topped off with live music and dancing. And if that’s not enough, live and silent auctions throughout the evening feature extremely rare wines, epicurean getaways and unique culinary experiences featuring chefs and sommeliers from the West Coast’s top restaurants. A must for any serious wine collector!

A pioneer on the Golden Mile Bench, our vineyard was first planted with classic varietals in 1968. Blending traditional, sustainable viticulture practices and innovative winemaking with a state of the art cellar, we craft wines of distinction that are an intensely flavoured expression of our 50 year old vineyard.
Tinhorn Creek offers an unrivalled visitor experience. Sample exquisite estate-grown wines at the tasting bar. Soak up wine country at the award-winning Miradoro restaurant with its panoramic views. Open seven days a week, Tinhorn Creek was the first winery in Canada to be certified as carbon neutral.

In addition to visiting the individual winery tables, stop by the following regional tasting stations, where you can explore the unique wines of a specific area of the wine world.

<table>
<thead>
<tr>
<th>Regional Tasting Stations</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>California Wine Experience</strong></td>
</tr>
<tr>
<td>California Love at First Sip. We invite you to sample an array of premium sustainable wines from California at this exciting regional table. Winemakers across California are fusing technological innovation and environmental stewardship to create inspiring wines that are crafted to pair with tasty dishes or to enjoy all by themselves. We look forward to raising a glass to you and the Golden State!</td>
</tr>
<tr>
<td><strong>Nova Scotia Cool</strong></td>
</tr>
<tr>
<td>Nova Scotia Cool tasting station will feature selected versions of the Tidal Bay appellation, Nova Scotia’s signature wine, and North America’s only true appellation wine. This crisp, light white reflects the terroir, coastal breezes and cooler climate of the coastal valleys hosting our vineyards. Other crisp aromatic Nova Scotia whites to be featured include award-winning Riesling, Chardonnay and Ortega. Paired with Nova Scotia’s famous seafood, what could be cooler?</td>
</tr>
<tr>
<td><strong>Napa Valley: Then vs. Now</strong></td>
</tr>
<tr>
<td>Napa Valley wines are some of the world’s most sought-after with Cabernet Sauvignon reigning supreme. These wines capture Napa Valley’s legendary terroir in the glass and makes them worthy of aging. The personality of a well-structured Cabernet Sauvignon evolves, developing increased complexity and texture over time. Discover for yourself the ageability of our Cabernet Sauvignon at the Napa Valley regional table and explore the wines of then and now.</td>
</tr>
<tr>
<td><strong>Discover White Wines of South Africa</strong></td>
</tr>
<tr>
<td>The wines from South Africa are considered by many to rival wines from some of the world’s best wine growing regions. This year’s offering will showcase wines meant to convince you! South African winemakers are producing distinctive Chenin, Chardonnay and Methode Cap Classique (champagne-method sparkling), that uniquely reflect the soil and climatic conditions where they’re grown. Come and taste through the line up to discover why international critics are so smitten with South African wines.</td>
</tr>
<tr>
<td><strong>Wine Australia</strong></td>
</tr>
<tr>
<td>Australia has one of the most unique wine scenes in the world. From the innovative community that works endlessly to create extraordinary wines, to the multitude of landscapes that are as diverse as the wines they produce. With more than 100 grape varieties grown across 65 distinct wine regions, Australian winemakers have the freedom to cultivate their own ideas and push the boundaries in the pursuit of the highest quality wine.</td>
</tr>
<tr>
<td><strong>Spain is Wine</strong></td>
</tr>
<tr>
<td>Spain: A country as physically diverse as it is culturally rich, and fun to visit. From the misty green river valleys of Galicia to sun-drenched Andalucía, dozens of grapes find a comfortable home and produce an amazing range of wines. Join us for a “tasting tour” of this beautiful and exciting nation, one of the hottest in the wine world today, with plenty of stops along the way to taste local wine specialties.</td>
</tr>
<tr>
<td><strong>New Zealand: Pure Discovery</strong></td>
</tr>
<tr>
<td>Visit the New Zealand regional booth for a Pure Discovery experience. You will have the opportunity to revisit the varieties that you love while discovering new wines and flavours you may never have tried before!</td>
</tr>
<tr>
<td><strong>Washington State: The New Epicentre of Wine</strong></td>
</tr>
<tr>
<td>With more than 950 wineries and 55,000 acres of wine grapes, Washington State has catapulted onto the world’s wine stage as a respected and influential $5 billion industry. Washington ranks second in the US for premium wine production, currently available in all 50 states and 100+ international markets. Washington’s growing regions boast long, warm days and cool nights, creating ideal conditions where nearly 70 grape varieties thrive. Washington winemakers and grape growers appreciate a collaborative, forward-thinking culture.</td>

Bard on the Beach is proud and honoured to be the Vancouver International Wine Festival’s charitable beneficiary. The partnership helps Bard maintain its high artistic standards and educational programs as well as supporting affordable ticket prices for local residents and city visitors.

Bard is one of Canada’s largest not-for-profit professional Shakespeare festivals, staging plays and special events every summer in modern theatre tents in a magnificent waterfront setting. The 2019 season – June 5 to September 21 – includes The Taming of the Shrew and Shakespeare in Love (BMO Mainstage) and All’s Well That Ends Well and Coriolanus (Howard Family Stage). Full programming details are at bardonthebeach.org

Bard employs exceptional actors, directors, designers and technicians each season, plus year-round administrative staff and teaching artists; it is also supported by almost 300 volunteers. Bard’s 2018 season attendance was 108,000 and more than 1.8 million patrons have enjoyed the Bard experience since 1990.

Bard’s innovative education programs include year-round Young Shakespeareans workshops for young people, workshops for students and teachers during the school term, professional development events for theatre artists, and programs for all ages at the BMO Theatre Centre, Bard’s administrative home, and throughout the community.

Committed to producing the finest quality wines and grapes, the California wine industry has become a world leader in sustainable winegrowing practices.

These sustainable winegrowing practices protect our soil, air and water – elements that breathe life, and ultimately flavor, into our grapes and wines. Being good stewards of the land and good neighbors are principles our wineries and vineyards live by each and every day. Adopting environmentally and socially responsible practices and making them an integral part of how we do business is our way of ensuring the health of our land, our communities and our industry for generations to come.

Raise a glass to California and enjoy this unique opportunity to sample our premium wines from our world class vintners!

Golden Nectar

You might say Californians are serious about wine and relaxed about everything else. Well, maybe not everything else: from a thriving technology industry to revolutionary green farming practices, we work hard and innovate constantly. But when you’re surrounded by natural wonder and constant sunshine, it’s pretty easy to smile. Of course, a glass of California wine always helps.

Warm Days/Cool Nights

California’s wonderful year-round weather is as good for our wine as it is for our visitors. Abundant sunshine ensures a long and consistent grape growing season, while the diversity of our terroir supports a multitude of winegrape varieties and surprising flavour variation within them. California’s 1,300 kilometers (800 miles) of rugged coastline expose nearby vineyards to natural "air conditioning" in the form of fog and breezes, making for exceptional Chardonnay, Pinot Noir and other cool climate varieties. Warmer interior valleys receive the same cooling effect thanks to rivers, lakes and deltas. Meanwhile, vines planted along our hillsides get a fine mixture of cooling air and bright, unfiltered sun-conditions that Cabernet Sauvignon and Merlot were born to love.

Our soils are as diverse as our growing regions. Sand, clay, loam, granite, volcanic ash, seabed soil, river-run gravel: each contributes its own distinct minerality.
American Viticultural Areas

Every bottle of California wine lists the geographical origin, or appellation, where the grapes were grown. Appellations here are defined either by political boundaries, such as the name of a county, or by federally recognized growing regions, called American Viticultural Areas (AVAs). For a wine to carry an AVA name on its label, at least 85% of the grapes must be grown in that AVA; for county appellations, that number is 75%. And any wine bearing "California" or any California AVA or appellation guarantees that 100% of the grapes are grown in the Golden State.

Did you know...

- California is the leading wine producing state—making more than 81 percent of all U.S. wine—and also ranks first in wine consumption.

- If California were a nation, it would be the fourth leading wine-producing country in the world behind France, Italy and Spain.

- Just how many grapes are in that bottle of wine? It takes about six to eight clusters, or approximately 600 to 800 wine grapes (2.4 lbs), to make a bottle of wine.

- Wine-type grapes are grown in 49 of California's 58 counties, covering 559,000 acres / 242,000 hectares.

- There are 139 American Viticultural Areas (AVAs) in California (distinct winegrape growing areas recognized by the U.S. government), a testament to the variety of microclimates in the state.

- California's 4,800 bonded wineries are predominantly family-owned and operated, many multi-generational.

- There are more than 65,000 registered California wine labels.

- The trend in sustainable winegrowing and winemaking practices is growing quickly in California. Vintners and growers who represent 40 percent of the annual wine case production currently participate in the Code of Sustainable Wine Growing Practices program.

- Second only to Disneyland - Wineries and vineyards are the second most popular tourist destination in California after Disneyland. A total of 14.8 million tourists visit the state's wine regions each year.

REGIONAL SNAPSHOTS

NAPA VALLEY

Napa means “land of plenty” in Wappo Indian language. Early explorers such as George Yount planted grapes in Napa in 1838. Charles Krug is credited with establishing the first commercial winery in 1861. Napa Valley is 48 km long and an average of 5 km wide. The 1966 opening of the Robert Mondavi Winery started the wine boom in Napa Valley. Today, Napa Valley is home to approximately 550 wineries and numerous more brands. www.napavintners.com

SONOMA COUNTY

Sonoma County is not just a special place to grow world-class grapes and make great wines: It’s one of the most beautiful and resource-rich places on earth! 60 miles of pristine Pacific coastline and many other natural wonders are only the beginning of the story. Sonoma is blessed with amazing diversity of foods and produce, along with chefs who take full advantage of Sonoma’s bounty. Add to that Sonoma’s relaxed and friendly vibe and it all converges here. www.sonomawine.com

MENDOCINO COUNTY

Mendocino Wine Country grows and produces a large portfolio of grapes and wines that merge bucolic farming traditions with cutting edge and old-world winemaking techniques. As a strong community, Mendocino County endeavors to continually support farms, winegrowers, winemakers, vineyard stewards, and the people who truly enjoy being a part of Mendocino's nostalgic wine culture. Mendocino wine growers combine progressive, sustainable wine growing and winemaking practices which has built a legacy of its eco-friendly traditions. www.mendowine.com

LIVERMORE VALLEY

Located just 30 miles east of San Francisco, this 237,000-acre region in Alameda County (and within the larger San Francisco Bay AVA) was one of the first AVAs established in California in 1982. Livermore Valley is one of the few valleys in California with an east-west orientation, allowing coastal fog and marine breezes to cool the valley’s warm air in the afternoons. The region is known for its unique gravel-based soils and the cooling marine winds that travel down the valley in the afternoons from San Francisco Bay. www.lvwine.org

PASO ROBLES

Located halfway between San Francisco and Los Angeles, Paso Robles mixes the fun-loving energy of Southern California with Northern California’s sophistication and innovation. Located along California’s famed Central Coast, the Paso Robles winegrape growing region’s climate is perfect for the production of award-winning premium wines. A long growing season of warm days and cool evening give rise to vibrantly ripened fruit with dynamic flavour profiles that translate beautifully in one’s glass of Paso Robles wine. www.pasowine.com

SANTA BARBARA COUNTY

California’s north-south coastal mountain range abruptly turns to run east-west for almost 50 miles in Santa Barbara County, framing the valleys in a unique transit to the Pacific Ocean. It’s the only stretch of land from Alaska to Cape Horn comprising an east-west traverse, and this unique topography allows fog and ocean breezes to flood into vineyards in the Sta. Rita Hills, Santa Ynez Valley and Santa Maria Valley AVAs. This is one of the coolest viticultural areas in California, yet plentiful afternoon sun ripens Chardonnay, Riesling and Pinot Noir to perfection. www.sbcountywines.com

LODI

Located 100 miles east of San Francisco, Lodi Wine Country is where the San Joaquin and Sacramento Valleys meet. With vineyard plantings dating back to the Gold Rush, Lodi’s vineyards are home to some of the finest Zinfandel in California. The Mediterranean climate means warm, sunny days and cooling afternoon “delta” breezes. Temperatures drop significantly at night, creating a moderating effect and a perfect climate for diverse grape growing. Lodi is predominantly a red grape growing region, specializing in Zinfandel, Merlot, Cabernet Sauvignon and Petite Sirah. www.lodiwine.com
